MODULE SUMMARIES – DETAILS OF WHAT YOU'LL STUDY

Creative Practice and Portfolio

Research the work of selected practitioners in your field, responding to and evaluating their work, in your own portfolio.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

Entrepreneurship

Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

Intermediate Digital Applications

Develop skills in problem-solving and creative practice using a range of software packages appropriate to your field of study.

People, Culture and Society

Learn about the history, theories and issues that relate to human culture and society around the world.

Visual Culture

Using an annotated visual research journal, evaluate key practitioners and movements and their historical, cultural and political contexts.

EXTRA MODULES FOR 2.5 AND 3-TERM COURSES

Art, Design and Media

Explore a range of materials, workshop techniques, processes and practical skills, and begin to develop your research, interpretation and critical evaluation skills.

Contemporary Art in Context

Review the key movements and practitioners in the 20th century within your specialist field, considering trends within historical, political and cultural contexts.

Critical Reading, Writing and Reasoning for Higher Education

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

Digital Applications

Develop your digital skillset, helping you use digital tools to support academic study, including using and citing digital sources.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Preparatory Statistics

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

UK Society and Culture

Learn more about the culture and society of the UK, and how it differs from others.

EXTRA MODULES FOR 3.5 AND 4-TERM COURSES

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

PERSONAL DEVELOPMENT ACTIVITIES (ALL COURSE LENGTHS)

Digital and employability skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You will receive help in making the most of your creativity, improving your communication and developing your digital skills. We will also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network

Forming a strong social network can be hugely beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional organisations, and network with students and industry professionals: something that can be really beneficial when you go on to start your career.

Culture and activities

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.
